

The FREE peer-based recovery support services provided are fueled by the energy of individuals in recovery who seek to share their experience, strength and hope with others. These non-clinical services focus on removing barriers to recovery by providing support and linking individuals to existing community resources.

Everyone is greeted with a hot cup of coffee and asked, "How can we help you in your Recovery today?"

The center is a safe-place and a resource for skill-building, education, information, support and socialization for those in recovery and their loved ones.

It is a place where isolation becomes inclusion, problems find solutions, and strangers become friends.
